# Representation currently missing

Although the numbers at the kick-off meeting are encouraging it is disappointing to see that there is no representation from the

- **Baltic, Balkan and Eastern European countries (except Poland)**

# Work Plan for WG B

- The revised work plan for Work Group B “Data Integration” (see attachment) reflects the discussions. The comments and statements by the WG B members are included in order to explain the changes.
- The WG decided to distribute the work to three subgroups, one for each main task. Subgroup leaders were nominated to function as main contact points for the chair.

# Gantt chart for 2015

# Proposals & recommendations

The Executive Committee is kindly asked to accept the following proposals & recommendations by WG B:

- Involve European countries and institutions which are currently missing
- Clarify communication methods with WG A and B
- Clarify UN-GGIM: Europe events in conjunction with forthcoming events in 2015 (e.g. GISCO meeting in March 2015, or INSPIRE conference in May 2015)
- Provide advice on cooperation methods with UN-GGIM global Task Groups like on “National Institutional Arrangements”
