

Welcome to the Netherlands

An aerial photograph of a Dutch city, likely Maastricht, showing a wide river (the Meuse) winding through the landscape. The city is built on a peninsula, with a dense cluster of buildings featuring red-tiled roofs. A prominent church with a tall spire is visible. Several bridges cross the river, including a modern white arch bridge in the foreground and a truss bridge further upstream. The surrounding area is a mix of green fields and forests under a cloudy sky.
